Recent Advances in the Management of Refractory Vasculitis

Reem Hamdy A. Mohammed

Additional information is available at the end of the chapter

http://dx.doi.org/10.5772/54517

The publisher is retracting and removing [1] following a reader’s report that Figure 5 was copied from previous publication [2] without original author’s consent.

The author was unaware that permission was required to reproduce the disputed figure in her work. After she was notified about the copyright infringement, the author herself requested the chapter to be retracted.

The publisher and the author regret any inconvenience this might have caused to the readership.
